Frequently Asked Questions

- ✓ **What are the sales closing dates?**
12/28 for January, 2/26 for March, and MPCI SCD for April, May, June, and July.
- ✓ **Where is this product available?**
This product is available for corn and soybeans in the following states: Alabama, Arkansas, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Michigan, Minnesota, Missouri, Mississippi, Nebraska, New York, North Carolina, North Dakota, Ohio, South Carolina, South Dakota, Tennessee, and Wisconsin.
This product is available for cotton in the following states: Alabama, Arkansas, Georgia, Louisiana, Mississippi, Missouri, North Carolina, South Carolina, and Tennessee.
It is only available in counties that offer trend adjustment on the MPCI policy.
- ✓ **Do I have to choose TA on the underlying MPCI policy?**
No.
- ✓ **How long do I have to turn in the application?**
72 hours after the application has been signed.
- ✓ **Do estimated acres have to be on the application?**
Yes. Final acres will be limited to 110% of estimated acres by crop.
- ✓ **What happens if planted acres exceed 110% of estimated acres?**
The insured acres for each unit will be determined by prorating the planted acres by an equal percentage for all units.
- ✓ **Can the producer choose to insure specific fields and not insure other fields?**
No. All acres must be covered, subject to the exceptions listed in the Insurance Acreage provision. The insured can choose to cover only irrigated acres if elected on the application.
- ✓ **What market price is used to determine the price select revenue guarantee?**
The highest alternative settlement price is used.
- ✓ **What is the alternative settlement price?**
The average of the futures price during the applicable alternative price discovery period.
- ✓ **When is the alternative settlement price determined?**
On the first day of the month following the applicable alternative price discovery period.
- ✓ **What is the futures price listed in the quoter used for?**
That is the futures price on the day prior to running the quote. It is used to calculate the premium only. It will not be used to determine the price select revenue guarantee.
- ✓ **When is the premium due?**
December 31st. It will be on the Private Products/ Crop-Hail Bill.
